## PROJECTS

**Project Name : Amazon Web Services**

### Project Description :

Create an S3 bucket, enable versioning on it, host a static website on the S3 bucket then make some changes on your website, reupload it and then rollback to your previous version.

### Project Outcome:

S3 Bucket has the ability to host a static version control, allowing for easy updates and rollbacks to previous versions.

## DECLARATION

As a final year student poised to embark on my professional journey as a software engineer, I am eager to bring my passion for technology, my rigorous academic training, and my fresh perspectives to your esteemed organization. I am committed to contributing actively, learning eagerly, and growing professionally alongside a team dedicated to innovation and excellence. I look forward to the opportunity to discuss how my skills and enthusiasm can contribute to the success of your team and to exploring potential opportunities together.
